

# MEET DR. MEADE

Being an orthodontist brings me so much joy. I love figuring out how to give each patient the best possible result and watching their confidence grow from start to finish. I aim to treat everyone with respect and create a calm, friendly space. When my patients smile, I smile too.

# STRAIGHTEN YOUR SMILE

Angel Aligners offer a clear, gentle way to straighten your smile, while traditional braces come in silver or ceramic. Ask us which style fits your goals best.

# JOIN THE KIDS CLUB

## CONDITIONS THAT BENEFIT FROM PHASE 1 TREATMENT

SPACING • OVERJET • CROSSBITE

OPENBITE • CROWDING • UNDERBITE

Kids Club is a fun way for little ones to stay excited about healthy smiles. If a child isn't ready for treatment yet, they can join our raffle. They'll receive complimentary check-ups every 6 months until ready to start orthodontic treatment.

# FINANCING

## Free Consultations

Find out which treatment type is right for you with no financial obligation at your first visit. It's Dr. Meade's gift to you!

## Same-Day Advantage

Lock-in our lowest monthly payment within 24 hours of your new patient exam. Better yet, get started right after your exam!

## 0% Interest Payment Plans

Choose a no-interest, in-house plan to get started without paying the full amount upfront or resorting to costly third-party financing.

## Paid-In-Full Savings

Skip the payment plan to save 3% on your portion of the total treatment cost when paying upfront by bank withdrawal.

## Assignment of Benefits

Let us worry about collecting your insurance benefits! Plus, building your benefits into the payment plan reduces your upfront costs.

# FAQ's

**What is the Same Day Advantage?**  
If you schedule your start appointments within 24 hours of your new patient exam, you lock-in the lowest treatment cost. This results in lower monthly payments. Plus, you can save yourself a trip by starting treatment on the same day as the exam! This promo expires 24 hours after the exam, so let us know in advance if there are any other decision-makers we should loop in during the exam.

**Does Betsy Meade Orthodontics work with Care Credit?**  
No, but we offer many of the same (or better) advantages as Care Credit, like 0% in-house financing, no credit checks, no penalties for early payments, low initial payments.

**Can I use my FSA benefits?**  
You can absolutely use FSA benefits.

**Does Betsy Meade Orthodontics work with all insurance plans?**  
Because filing monthly claims is a heavy responsibility, our team of insurance specialists takes care of this for you. We'll submit claims on your behalf, which means your insurance benefits will be deducted from the total treatment cost, thereby lowering your monthly payments (hooray!). We'll also take care of preauthorizations, work-in-progress claims, disputes, and appeals so that you don't have to.

# TECHNOLOGY

**iTero<sup>®</sup> element**

The iTero Element Scanner is a state-of-the-art digital scanning system. It helps decrease the number of traditional alginate impressions needed by digitally capturing a 3D model of the teeth and gums.

**PLANMECA**  
BENEFITS OF A PLANMECA PROMAX 3D CLASSIC

The Planmeca ProMax<sup>®</sup> 3D family brings together a Cone Beam Computed Tomography (CBCT) image, 3D face photo and 3D model scan into one 3D image. This helps Dr. Meade create a customized and efficient treatment plan for each patient.

**SprintRay**

The 3D printer allows us to create 3D models of each patient's mouth. We then use these models to make retainers and to better customize aligner treatment.
